

Cosco Busan Oil Spill Technical Workshop: Data Exchange, Evaluation of Monitoring Needs, and Restoration Opportunities

**January 25th, 2008
8:30 am-4:45pm**

**San Francisco Bay Regional Water Quality Control Board
Elihu M. Harris Building, 1st Floor Auditorium
1515 Clay Street, Oakland, CA 94612**

AGENDA

Registration and Coffee	8:30-9:00
Introduction and Goals of Workshop	9:00 Bruce Wolfe (Water Board)
Spill Overview	9:10 Greg Baker (NOAA)
Shoreline Treatment Inspections, Methods and Endpoints	9:20 Randy Imai (OSPR)
Natural Resource Damage Assessment (NRDA) Process	9:30 Steve Hampton (OSPR)
Salt Marshes, Mudflats, Coastal Lagoons, and Sandy Beaches Assessments	9:40 Janet Whitlock (FWS)
Rocky Intertidal Habitat Assessments	9:55 Darren Fong (NPS)
Eelgrass and other Submerged Aquatic Vegetation Habitats Assessments	10:05 Natalie Cosentino-Manning (NOAA)
Fish and Marine Mammal Assessments	10:15 Greg Baker (NOAA)
BREAK	10:30-10:50
Bird Assessments and Human Use Assessments	10:50 Steve Hampton (OSPR)
Chemistry and Weathering of the Oil	11:10 Chris Reddy (WHOI)
Seafood Consumption Study Results	11:20 Margy Gassel (OEHHA)
Dredging Issues and Sediment Surveys	11:30 Rob Lawrence (DMMO)
Facilitated Discussion: Q&A and identification of other spill-related projects	11:40-12:45
LUNCH (on your own)	12:45-2:00
Ambient PAH Concentrations in the Bay	2:00 Susan Klosterhaus (SFEL)
Critical Habitats and Assessment Tools	2:15 Josh Collins (SFEL)
Facilitated Discussion: Participant input on long-term impacts, monitoring needs, data gaps, clean-up goals, and restoration and mitigation opportunities.	2:30-4:30
Wrap-up	4:30-4:45
